DUBAI TAX ADVANTAGE: WHY CASH BUYERS WIN

Dubai's tax framework remains the most competitive globally for real estate investors. Understanding the tax differential is critical to evaluating true net returns.

Tax Type	Dubai (UAE)	United Kingdom	Canada	Balkans (Avg)
Income Tax on Rentals	0%	Up to 45%	Up to 53.5%	10-25%
Capital Gains Tax	0%	Up to 28%	50% inclusion	10-15%
Property Tax (Annual)	0%	Council Tax	Provincial varies	0.1-1%
Inheritance Tax	0%	40% above GBP 325K	Estate varies	2-5%
Stamp Duty / Transfer	4% (one-time)	3-17%	Land transfer tax	2-5%
Withholding Tax	0%	20% NRL	25% non-resident	10-20%

DUBAI TAX ADVANTAGE: Zero income tax + zero capital gains + zero annual property tax. On a \$500K property generating \$10K annual rental income, cash buyers retain the full \$10K, while foreign investors pay up to 25% in taxes, leaving them with less than \$7.5K.
